AI and Machine Learning Engineer

AI Engineer with over 1.5 years of experience, researcher in generative AI and Deep Learning, co-author of an academic paper for IEEE WCCI 2024 held at Yokohama. Specialized in research and development of Diffusion and Transformer models for innovative solutions. Experienced with machine learning applications for industrial robotics. Previous experience as a full-stack developer, contributing to judicial procedure software development. Currently, advancing Japanese language skills as a student visa holder, living in Tokyo.

WORK EXPERIENCE

Research Assistant **10/2022 - 12/2023**
Public University of Navarre • Pamplona, Navarre, Spain

- Research on AI projects using deep learning frameworks like PyTorch.
- Co-authored academic paper for IEEE WCCI 2024.
- Developed techniques with diffusion models for style-consistent character generation.
- Contributed to team knowledge with monthly seminars.
- Participated in two government-funded projects.

Developer (internship) **09/2021 - 01/2022**
Tracasa Instrumental S.L. • Sarriguren, Navarre, Spain

- Full-Stack software development on judicial procedure solutions.
- Developed mock-ups of new features with client feedback.
- Worked in an Agile, Scrum-based environment.
- Improved website performance by code optimization.

EDUCATION

Bachelor's Degree in Computer Engineering **2022**
Public University of Navarre • Pamplona, Navarre, Spain

Erasmus Exchange Program **2022**
Blekinge Tekniska Högskola • Karlskrona, Blekinge, Sweden

CERTIFICATIONS

Certified SAFe® 5 Practitioner **2021**
Scaled Agile, Inc.

PUBLICATIONS

Enhancing DreamBooth With LoRA for Generating Unlimited Characters **2024**
International Joint Conference on Neural Networks (IJCNN)
DOI: 10.1109/IJCNN60899.2024.10651300

SKILLS

Full-Stack Development, Research & Development, Scrum, Web Design, Deep Learning, Artificial Intelligence, Machine Learning, Generative AI

Programming Languages

`Python` `PyTorch` `Pandas` `C#` `HTML` `CSS` `AngularJS` `JavaScript` `SQL` `React` `Java` `C` `.Net Framework`

Languages

English ..... Fluent
Japanese ..... JLPT N3
Spanish ..... Native
French ..... Native
Basque ..... Native

AWARDS

Honors on bachelor's thesis: "Generating labeled human faces using GANs for emotion recognition"
Public University of Navarre

Second place in 2023 "AI Week" bachelor thesis contest
Cátedra Tracasa - Public University of Navarre
